

PRESS RELEASE

The Green Door is back & we can't wait to serve you !!!

We are still under current Executive Orders, and local ICHD guidelines that do not allow us to operate fully as a live entertainment venue. We have to believe in time, that will come.

For now, we are and will continue to search for ways to bring you some of the normalcy's that you've been missing.

We have re-opened again as your neighborhood pub & local watering hole, while still offering a pub style menu with many of your ole school GD menu favorites.

We are rebuilding. Days and business hours will be limited for now. These will very possibly change as we navigate through this. Please remember to be patient with our staff. We are working under a plethora of new guidelines to keep everyone as safe as possible. We are still looking at the end game and want to be around for years to come.
